Result of examination:

It could not be determined whether did or did not prepare the questioned writing on Q1 and Q2 because of variations in the signature on Q1 which could not be accounted for based on the writing available for on fingerprint cards and because the other questioned writing on Q1 and Q2 is not sufficiently comparable with the writing available for that individual.

No conclusion was reached whether any of the questioned writing on Q1 and Q2 was or was not prepared by SAM ANNERINO, JR., FBI #899736D, or by because the writings available for those individuals on fingerprint cards are not sufficiently comparable with the questioned writing.

Q1 and Q2 have been photographed and are being retained temporarily in the Bureau.
